Rip & Snort – If you don't know Rip & Snort, call me and I'll tell you how. It's very short, quick and easy.

You will have to teach them which couples are #1, #2, #3, #4. Here's how the call is given...

All join hands and circle left –

#X couple Rip & Snort – go 'cross the middle and cut 'em short,

Opposite couple arch and let 'em under, Hurry now and don't you blunder.

Boy go left and Girl go right – All the way around the ring tonight,

Meet the girl you call your own, join all hands and circle left around you roam.
